... A **pathbreaking** philosophy to change the **World**

AREAS OF LEARNING AND DEVELOPMENT

STUDENTS CENTRIC APPROACH - CREATIVITY IN EVERY ASPECT

Student-centered learning is personalized, engaging, competency-based and not restricted to the classroom

SMART CLASSROOMS WITH SMARTER TEACHERS

Smart classroom increases engagement and participation of both teachers and students by helping them explore plethora of resources which is available at a click.

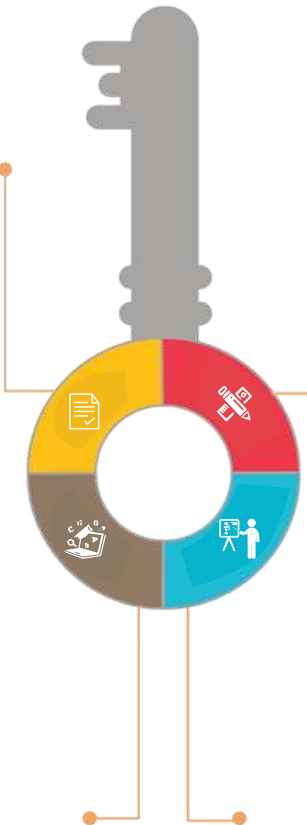

COMPUTATIONAL THINKING - CODE EARLY AND FROM THE SCRATCH !

We build computational thinking skills by introducing them to challenges which they need to solve by writing a code or program

HOLISTIC DEVELOPMENT

We focus on holistic development of the child resulting in a well rounded, confident personality.

Expanding their horizon of **knowledge ...** Through practical **exposure**

OUR PEDAGOGY

Pre-Primary Grade

- Thematic Based Curriculum
- Literacy & Numeracy Activity
- Field Trips as per theme
- Environmental Awareness
- Colour Day Celebrations

Our pre-primary pedagogy is designed in a way that nurtures students in the formative years of their life, by stimulating curiosity through conceptual learning methods, transforming them into lifelong learners

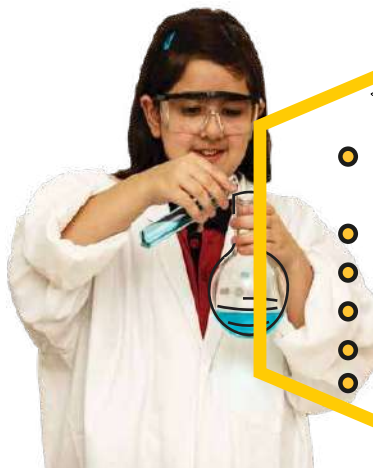

Lets Discover
